

## Sidepodradio (Part 24) – Felipe Baby Live

---

Felipe Baby, we're bringing the white visor to you  
It's new  
You'll be able to see  
Felipe Baby, now hurry up and get better soon

Felipe Baby, don't worry 'bout the rain, you're strapped in  
Breathe in  
It won't matter if you spin  
Felipe Baby, but hurry up and get better soon

Think of all the fans back home  
Think of everyone praying for you in Rome  
We've worked too hard, so don't give up  
We're making sure KERS won't blow you up

Felipe Baby, I understand you're mad at the car  
We are  
But we need some more wins  
Felipe Baby, now hurry up and get better soon

Felipe Baby, Fisichella is in your car  
And he is far  
Better than that Luca chap  
Felipe Baby, but hurry up and get better soon

Felipe Baby, Michael's contract has been renewed  
But we  
Don't want him back in the car  
Felipe Baby, now hurry up and get better soon

Don't forget you're our only hope  
Kimi won't do anything but mope  
There's not enough ice cream for the both of you  
And only one gorilla suit – oo-oo-oooh

Felipe Baby, my song to you is ending real quick  
The trick  
To winning is to drive fast  
Felipe Baby, so hurry up and feel better soon  
Hurry up, we need you back soon  
Hurry, we need you soon
